

LET'S LEARN WITH GREEN

PROJECT RESULT 2

Project GREEN, co-financed by the Erasmus+ Programme, brings valuable educational material inspired by the European Green Deal and the New European Bauhaus initiative to educate about a more sustainable, inclusive a beautiful future.

The project consortium of 6 partners from 5 countries successfully developed a digital tool with relevant resources within the project result 2 - **Green Digital Canvas for the design of individualized action plans** already available online on the [project website](https://greencanvas.webdo.gr/en/login) or directly through this link <https://greencanvas.webdo.gr/en/login>

Create your new action plan

Click here if you want to create a new action plan. When you are done, remember to save them in case you wish to review them.

View your action plans

Click here to view your saved action plans. You can modify them, work on them with your colleagues and export them as a doc. File.

In order to take full advantage of this tool, you must first register free of charge. Once you logged in, there are two main options displayed on the website:

1. Create your new action plan - in this section, you can create your personalized action plan. How to do it? Come up with a name for your project that you want to implement and select the steps that must be covered in your project. Tip: for a more economical implementation, we recommend selecting all 10 steps. What's next? The single steps contain various educational and navigating materials that will help you to construct your action plan exactly according to the values of the New European Bauhaus.

2. View your action plan - you can save your action plan at any stage of the process and return to it whenever you want. In this section, you will see a full overview of your action plans, which you can edit, download, delete, or just view for reading.
