TRANSITIONS INVOLVING EU ADULTS AND AUTHORITIES  
FOSTER CLIMATE NEUTRAL COOPERATION  
EUROPEAN PROGRAMME: ERASMUS+

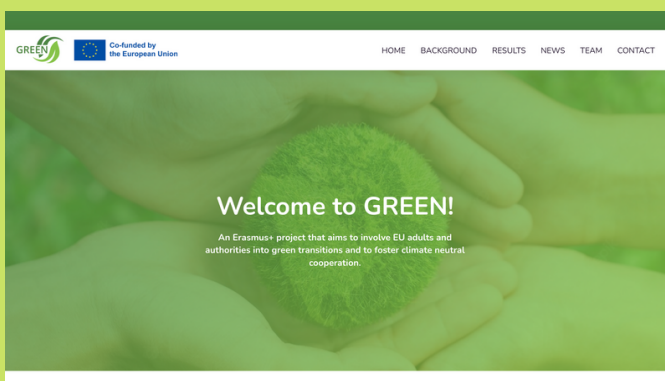

## Project News

The partners of the GREEN project consortium have been working in the past months on the development of training modules that will be intended for its target groups, specifically for adult trainers, local & regional administration staff, municipality staff, SMEs, and citizens.

The topics of the training modules are based on a previous survey and their content is adapted to the practical understanding of the European Green Deal and the New European Bauhaus (NEB) initiative, as well as the application of their principles to the processes of the organization. The training modules will also bring inspiration from the projects created under the aforementioned initiatives in the form of case studies. Moreover, the training content as well as case studies will be translated into all partner languages: English, Romanian, Spanish, Greek, Slovak, and Icelandic.
